REFERRAL POLICY

Your pet's primary veterinarian has requested a second opinion from the Oregon Veterinary Specialty Hospital. The doctor that you are seeing will provide diagnostics and services that are related to the problem for which your pet has been referred. Routine health visits will continue to be done by your primary veterinarian only, as neither the Oregon Veterinary Specialty Hospital nor Laurelwood Animal Hospital will administer routine health care procedures (i.e., heartworm tests, health certificates, vaccines, etc.). We will be communicating with your primary veterinarian during and/or after your pet's treatment at the Oregon Veterinary Specialty Hospital so that your records may be kept up to date at your regular veterinary hospital/clinic. We appreciate your full cooperation with our referral policy.

I/We have read and will abide by the policy of the Oregon Veterinary Specialty Hospital.

Signature of Owner or Agent _____

Date _____

The **Oregon Veterinary Specialty Hospital** welcomes referral cases from practicing veterinarians. The Hospital provides second opinions, performs difficult surgical and diagnostic procedures and has specialized equipment that is not readily available to most practitioners. The following veterinary staff is available to assist you:

VETERINARY NEUROLOGY AND NEUROSURGERY. Steven Skinner, D.V.M., Oregon Veterinary Specialty Hospital.

Dr. Skinner graduated Cum Laude from Washington State University in 1971. He completed an internship at the University of California at Davis Veterinary Medical Teaching Hospital and a residency training program in Neurology and Neurosurgery at Good Samaritan Hospital & Medical Center in Portland. In 1979, he achieved Diplomate status with the American College of Veterinary Internal Medicine-Neurology.

VETERINARY INTERNAL MEDICINE. Bob Franklin, D.V.M., Internal Medicine Specialty.

Dr. Franklin graduated from Washington State University in 1979. He completed an internship at the Animal Medical Center in New York in 1980. Dr. Franklin's small animal residency was done at University of Missouri from 1982 to 1984. He was an assistant professor at the Western College of Veterinary Medicine in Saskatchewan from 1984 to 1986. Dr. Franklin became board certified in Internal Medicine in 1988.
